December 29, 2006

Certain Unit Holders
Of Interstate General Company L.P.

Ladies and Gentlemen:

Enclosed please find your stock certificates for Interstate Waste Technologies, Inc. ("IWT") and Caribe Waste Technologies, Inc. ("CWT"). The distribution is described in more detail by letter to you and the related Information Statement, each dated December 20, 2006.

The number of shares being distributed to you represents your pro rata share of the 870,000 shares of each of IWT and CWT previously held by the IWT/CWT Trust. Your pro rata share was determined based on the number of Units held by you in Interstate General Company L.P. after completion of the Combination transaction described in more detail in our letter. We calculated the number of shares to be distributed to you by dividing the 870,000 shares of each of IWT and CWT held by the IWT/CWT Trust by the number of Units outstanding (2,025.32) after the Combination. This resulted in a distribution of 429.56 shares of each of IWT and CWT for each whole Unit held by you. (You have also received a proportional amount for each fractional Unit held by you.) We multiplied the number of Units by 429.56, and then rounded the total up or down to the nearest whole share.

Please call Mark Augenblick at 540-687-3177 or email him at marka@iwtonline.com if you have any questions about this distribution.

Very truly yours,

Interstate General Company L.P.
